

*Kidney dialysis has had the highest mortality rate in the industrialized world!!

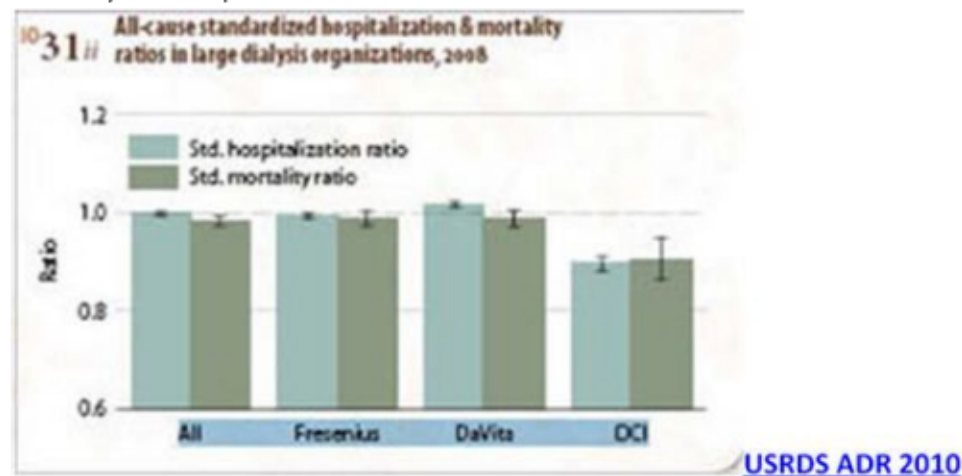

**** The US for-profit dialysis companies haven't been able to keep up with a poorer country like Italy when it comes to mortality and Italy spends 1/3 less!**

*The following is a graph of how DaVita is doing compared to the non-profit DCI (Dialysis Clinic, Inc.)

Mortality and Hospitalization rates

***Now would you say DaVita is more a part of the solution, or more part of the problem?**
